8. To help us better understand your pro-life position could you please tell us why you consider yourself to be pro-life, if you have pro-life qualifications that would be helpful for us to know and how you plan to use your elected position to support life.

FW, My faith in God and understanding of the Bible tells me life is precious and murder is wrong. Therefore I cannot support abortion which is the wanton killing of an innocent baby ~~while~~ ^{while in} its mother's womb. I have spent many years advocating for pro-life & pro-family legislation down in England in Washington D.C. I was involved in the first crisis pregnancy center in as a help-line counselor, sidewalk counselor & providing cribs and baby items to ^{support} many mothers who were keeping their babies. More recently I advocated for the rights of parents to opt their child out of the "Comprehensive Sex Education" classes which promotes pre-marital sex, contraceptives, ^{& sexual roleplaying in our public schools;} despite the law requiring an emphasis on abstinence. I will continue to stand against abortion services in our schools.

Your response to #8 will be used by the Right to Life of Northeast Indiana PAC to help determine endorsements, will be available to individuals on request and will be posted on our website, but will not be published in our voter education material because of space limitations.
