20. To help us better understand your pro-life position could you please tell us why you consider yourself to be pro-life, if you have pro-life qualifications that would be helpful for us to know and how you plan to use your elected position to support life.

I believe that abortion is a monstrous practice. Simply put,  
from a legal point of view, there is no constitutional basis  
for Roe v Wade. Roe was wrong the day it was decided.

Your response to #20 will be used by the Right to Life of Northeast Indiana PAC to help determine endorsements, will be available to individuals on request and will be posted on our website, but will not be published in our voter education material because of space limitations.
